## **Code of Conduct**

Flyball is an off-lead sport for dogs and handlers who want to have fun while spending quality time with each other. This requires that certain practices be observed by all participants. These practices are deemed necessary to ensure a safe and fun environment for all. The Surf Stormers are conscientious dog owners and take pride in responsible pet ownership. As a Surf Stormer, I will agree to the following code of conduct:

- Never abuse or harm my dog.
- Keep my dog under reasonable control at all times.
- Socialise my dog with other dogs and handlers participating in all Team activities.
- Always practice good sportsmanship.
- Never bring an aggressive dog to Team activities.
- Carry a plastic bag to use for the removal and disposal of any fecal matter my dog leaves at any public location.
- Be sure my dog wears proper identification tags.
- Maintain a current vaccination level of C5 for my dog and present it for inspection annually to the Team.
- Be aware of and follow local council dog regulations.
