practice time and location

First Day

Flyball is an off-lead sport for dogs and handlers who want to have fun while spending quality time with each other. This requires that you be able to reasonably control your dog at all times and abide by the Surf Stormers Code of Conduct.

Be sure your dog is wearing their leash and collar at all times unless otherwise instructed.

You will need to bring the following items along with you on each time you come to practice beginning on your first day:

- **Bum bag** - to keep the food rewards in so that your hands are free.
- **Plastic bag** - to use for the removal and disposal of any fecal matter your dog leaves at any public location.
- **Food Rewards** - tiny pieces of food such as dried liver, cabanossi, cheese or sausage in a plastic bag. Choose something very special and tasty, not dry kibble or milk bones.
- **Motivator** - a kong on a rope or favourite squeaky toy used to encourage your dog to go faster and drop the tennis ball when they cross the finish line. One of the most successful motivators is 3 strips of lycra material braided into a rope about 1 metre long and knotted on each end.
- Water for your dog
- A lawn chair - for you
- \$4 for a clicker
- Completed Surf Stormers Team Registration Form
- Completed AFA Registration Form
- Proof of Level C5 Vaccination for your dog
